

Meeting Minutes for March 6, 2014 BID Meeting:

- 1) Presentation by Brentwood School about crosswalk safety. The 6<sup>th</sup> graders presented a power- point show to highlight the safety issues in the Village. The students have generated a petition for community members to sign in support of doing something to make the Village crosswalks safer. The BID will support this safety project with a \$2500/year set aside for crosswalk improvements, repainting and striping, new electronic safety signs or other proposed safety measures for the beautification and safety of Brentwood Village. The students will follow up with the BID through Lisa Glick with information about equipment cost, installation cost, & possible maintenance contract.
- 2) Complete budget overview was completed. There was a through explanation about “carry over” from previous years as a line item on the budget. Tree trimming was discussed and its agreed that David from Domino Realty will oversee the trimming of the large ficus tress in the Barrington Ct.’s. Bob Jensen informed the group about the city’s plans to install or upgrade the sewer main in Barrington Ct. East. There was also a request to remind the Trash Removal vendor to make sure, 15 cans are emptied each time service is completed. (this means the can in front of Starbucks is emptied along with every other can)
